Discover the method of assembling with screws and nuts, the tools and their use, the set-up principles, the fun of building working models.

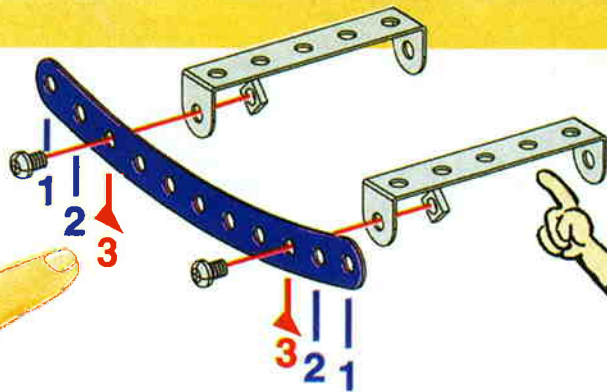

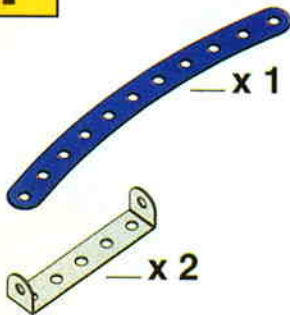

Follow the step by step assembly ; this progression will guide you and you will succeed in making the models.

Choose the necessary parts by following each step.

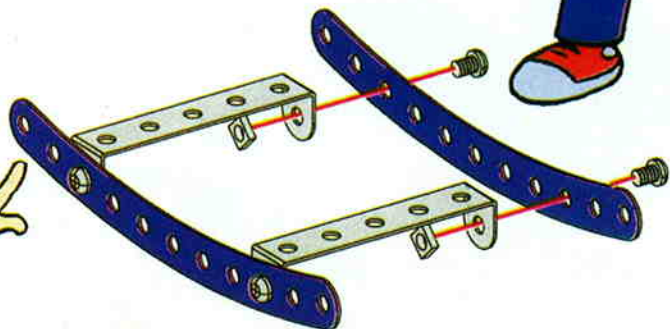

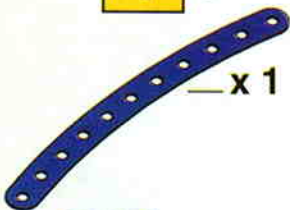

Your first model : catamaran.

Rigid assemblies :  
principles  
employed for solid  
constructions.

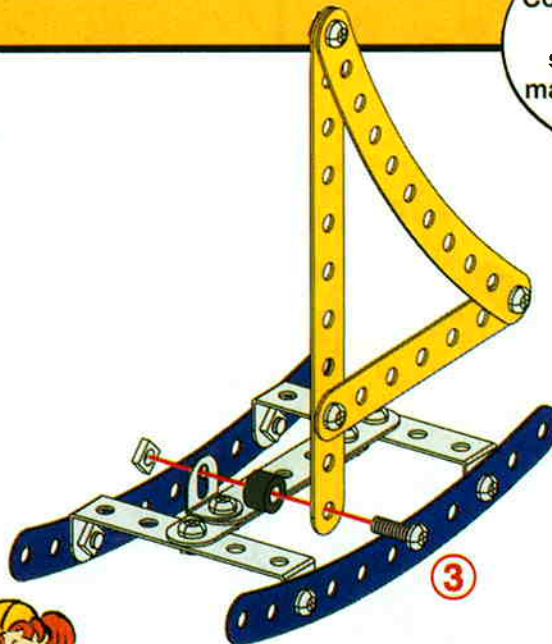

It works !  
Congratulations !  
You have  
succeeded in  
making your first  
model !
